

Narsee Monjee Educational Trust's
JAMNABAI NARSEE SCHOOL

Indian School Certificate
Examination (ISC)
(2027 - 2029)

*This emblem is representative of the
School's philosophy.
It is a visual statement that defines at a
glance the credo of the school.
The design of the emblem is hexagonal, as is each
classroom in the school.
The flame burning steadily in the lamp
stands for the
shining light of knowledge
and human values that
every student should embody.*

Our Mission

Jamnabai Narsee School wishes to inculcate in its students:

A desire to achieve excellence in all areas of endeavour.

Respect for all forms of authority and for fellow students.

Concern for the needs of others, and consideration for the less fortunate.

Awareness of the environment and of their responsibility to conserve it.

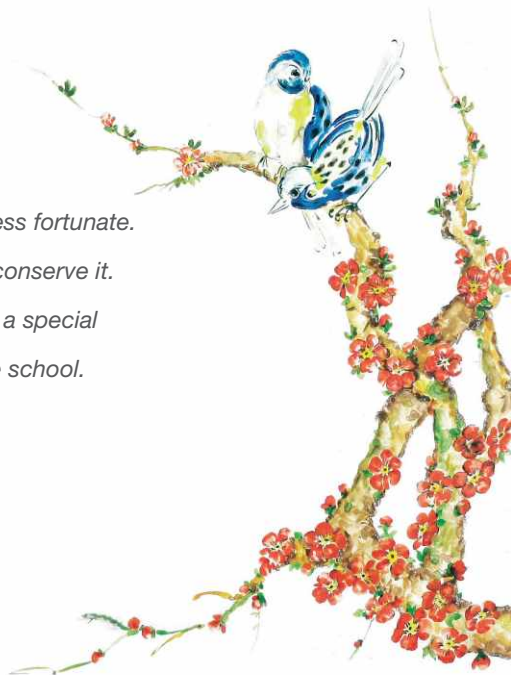

*Knowledge and appreciation of India's cultural heritage with a special
emphasis on the culture of the community in and around the school.*

Empathy, with the spirit to embrace global diversities,

*Readiness to face fearlessly all the problem and
challenges which tomorrow's world will bring them.*

And above all

*An abiding faith in the Almighty, and in His grace
to attain the highest standards possible.*

THE INDIAN SCHOOL CERTIFICATE EXAMINATION (ISC)

The Council for the Indian School Certificate Examinations was established in 1958 by the University of Cambridge Local Examinations Syndicate with the assistance of the Inter-State Board for Anglo-Indian Education. It is registered under the Societies Registration Act No. XXI of 1860.

The Council conducts the Indian Certificate of Secondary Education and the Indian School Certificate Examinations.

The Indian School Certificate Examination has been designed as an examination, through the medium of English, in accordance with the recommendations of the New Education Policy 1986, after a two-year course of studies beyond the Indian Certificate of Secondary Education (Year-10) Examination or its equivalent.

AN ICONIC INSTITUTE OF LEARNING

Founded in 1971, Jamnabai Narsee School stands as a powerful edifice of academic excellence and outstanding contribution in the field of sports, art and concern for the community. Situated in the western suburbs of Mumbai, Jamnabai Narsee School provides child-centred teaching and learning processes from the pre-school years through to the Indian School Certificate Examination (ISC). Jamnabai Narsee International School is authorized by the International Baccalaureate Organisation to offer the Primary Years Programme (Grades 1 to 5), Middle Years programme (Grades 6 to 10) and Diploma Programme to students of Grades 11 and 12. The school also offers

Cambridge - International General Certificate of Secondary Education (IGCSE) programme to students of Grades 8 to 10. Integral to the academic programme of the school are the philosophical bases of Indian education where the 'GURU' (teacher) lights the divine lamp of wisdom in his/her 'Shishya' (student) and allows learning to ignite the mind. Global empathy and a willingness to encompass cultural diversity in a pluralistic society are the strengths inculcated in students. The School's motto is 'Knowledge is strength supreme' and the guiding principle is 'Let learning be a joy, and teaching, a pleasure.'

THE ISC PROGRAMME

The ISC is an intellectually stimulating and challenging curriculum. The curriculum provides students with value-based and quality teaching-learning experiences, relevant to future vocational and professional requirements as well as university academic programmes.

Service, a core component of the ISC curriculum, is aimed at making positive changes in society. As part of the Socially Useful Productive Work (SUPW) programme, ISC students at JNS are actively engaged in community development initiatives that address social needs, promote sustainability, and enhance community well-being, reflecting their commitment to making a meaningful impact.

The aim of Jamnabai Narsee School in the Higher Secondary (ISC) Section is as follows:

- To inculcate universal secular, social, environmental and humanitarian values.
- To provide students with value-based and quality teaching-learning experiences, relevant to the prescribed curriculum.
- To align the learning outcomes to the future vocational and professional requirements as well as academic programmes of Universities.
- To provide opportunities for participation in co-curricular and extra-curricular activities.
- To develop social responsibility through the programmes of Socially Useful Productive Work (SUPW) and Community Service.

SUBJECTS OFFERED (2027-2029)

Compulsory for all streams: English Language, Literature in English and Socially Useful Productive Work (SUPW) Graded Subject

- Sociology
- (Any one) Psychology / Entrepreneurship
- (Any one) Economics / Mass Media and Communication
- (Any one) Mathematics / Applied Mathematics/ Fashion Designing / History / Art / Physical Education

HUMANITIES

- Economics
- (Any one) Accountancy / Psychology / Entrepreneurship
- (Any one) Business Studies / Computer Science
- (Any one) Mathematics / Applied Mathematics / History / Physical Education

COMMERCE

- Mathematics / Applied Mathematics
- (Any one) Physics / Psychology / Entrepreneurship
- (Any one) Chemistry / History
- (Any one) Economics / Biology / Geometrical and Mechanical Drawing / Computer Science / Physical Education

SCIENCE

*Subjects will be offered only if the minimum number of student enrollments is met.

Any Four Electives

All candidates for the Pass Certificate must sit for English with four or five elective subjects for the Year 12 examination. The Jamnabai Narsee School candidates appear for four elective papers.

For detailed syllabus log on to www.cisce.org

THE GRADING SCALE

A candidate's examination performance in individual subjects is graded according to the following scale

EXCELLENT	VERY GOOD	GOOD	CREDITABLE	FAIR	SATISFACTORY	NEEDS ENCOURAGEMENT	FAIL
1	2	3	4	5	6	7	8
91 – 100	81 – 90	71 – 80	61 – 70	51 – 60	41 – 50	35 – 40	Below 35

NARSEE MONJEE CENTER FOR EXCELLENCE

INTERNATIONAL AWARD FOR YOUNG PEOPLE (IAYP): (Duke of Edinburgh Scheme) offers an opportunity for students to develop skills, take up new interests, experience adventure, help the community, acquire individual responsibility and enhance their portfolio by getting an award of Bronze/Silver certification.

ANNUAL WORLD SUMMIT (AWS)

AWS is a UN simulation held every year by the students of the ISC. It aims to provide an intellectually stimulating environment to engage in fruitful discussion of highly pertinent global affairs and learn through experience the intricacies of debating, diplomacy, and negotiations. The hope is for delegates to be able to find a committee that sparks their interest and allows them to truly blossom as diplomats. This conference endeavours to establish a paradigm shift in the way in which Model United Nations conferences are conducted, while providing the best of support to delegates and dignitaries to facilitate a fruitful two days of deliberations.

A glimpse of the Annual World Summit 2026

ADOLESCENT MENTORING

The Jamnabai Narsee Adolescent Mentor (JAM) Programme conducted by the Counselling Cell of the school offers interested students the opportunity to be trained as peer counsellors for the school. The training benefits the individual as well as provides an opportunity to serve the student community at Jamnabai Narsee School.

Trustee Smt. Urvashi Thacker inducting the newly appointed Jamnabai Adolescent Mentors

GLOBAL PERSPECTIVE

In an endeavour to create global citizens, Jamnabai Narsee School encourages students to develop a global perspective through various international programmes like International Award for Young People (IAYP), Harvard Model Congress (HMC), Design for Change, EUMIND (Europe meets India, an Exchange Programme) and Harvard Model United Nations (HMUN).

Jamnabai Narsee Co-Op Programme – 'Experience the Real World'

JAMNABAI NARSEE
CO-OP
PROGRAMME

Jamnabai Narsee School consistently ranks among the top schools nationally, excelling in various parameters that promote both academic excellence and the holistic development of students. Embracing the mission to nurture well-rounded individuals who are not only academically proficient but also equipped with the essential life skills needed to succeed in an ever-evolving global landscape, Trustee, Shri Sujay Jairaj, introduced a transformative internship program to help our students explore their passions, hone their skill sets and gain valuable experience that furthers their growth as individuals.

Thus, was born the Jamnabai Narsee Co-operative Education (CO-OP Programme), an annual month-long internship programme for the students of ISC Grade 11 that seeks to integrate students' academic achievement with quality work experience.

For the fifth consecutive year, our students were placed with a wide array of organisations across sectors such as finance, sales and marketing, law, business management, information technology and computing, art and design, journalism, hospitality, fashion design, psychology, medicine, social service and education, to name a few.

This year, 137 students were placed with 34 firms, with whom they interned virtually as well as from home from 17th March 2026 to 10th April 2026. The internship itself was an enriching experience for the students as they worked to upgrade their knowledge and enhance their competencies by gaining relevant work experience in sectors aligned with their interests. It helped broaden their horizons while giving them first-hand exposure to the rigorous demands of the competitive world of work.

Echoing the sentiment of gratitude felt by the student body, Aryan Kumar, who interned with Kokilaben Dhirubhai Ambani Hospital as part of the programme, said, "I am extremely grateful for this opportunity, as it has further reinforced my commitment to pursuing a career in medicine. Interacting with doctors and medical staff also helped me better understand the dedication and resilience needed in this field."

Similarly, reflecting on her internship experience at Fairfield by Marriott, Tishya Chadha remarked, "My internship not only added to my industrial experience but also played a significant role in shaping my personality and contributing to my overall development."

ACADEMIC GUIDANCE COUNSELLING

The Academic Guidance Counselling Centre guides students in choosing their future course of study based on career goals. The centre provides comprehensive guidance to help students select majors in line with their strengths, inclinations and career aspirations, supporting them throughout the university application process. The centre also hosts an annual Career Fair for students in classes IX to XII and arranges visits from Indian and foreign universities.

CIALFO

Jamnabai Narsee School has partnered with Cialfo, an innovative platform harnessing cutting-edge technology to empower high school students in career exploration and college selection, providing unbiased information on colleges, courses and scholarships to help them find their best-fit academic paths.

SAT

Jamnabai Narsee School holds the distinction of being among the few educational institutions authorised to administer the SAT, a computer-based test. SAT scores are recognised for admission by prestigious foreign universities, especially in the USA, and are increasingly considered by some universities in India.

CLUBS@JNS

*Trustee Shri Sujay Jairaj
addressing the
Club Members*

Business Club

The Business Club allows students to interact with other like-minded, business-oriented people. It aims to provide a platform where they can learn from alumni running businesses across diverse sectors.

Debate Club

The sessions of the club focus on helping students learn the fundamentals of good debating and equipping them with the key skills required to think critically and articulate their arguments effectively.

Tech Club

The Tech Club introduces students to careers in STEM (Science, Technology, Engineering and Mathematics). Exploration of contemporary and futuristic domains such as 3D Printing, Robotics and FinTech equip students with valuable skills required to thrive in the Tech Industry.

MUN Club

The Model United Nations Club lets students tackle global issues, develop public speaking skills and enhance their understanding of diplomacy and international relations. Through research and collaboration, students gain knowledge about world affairs while building confidence and leadership skills.

Photography Club

The Photography Club inspires students to unlock and revitalize their creative potential through photography, by encouraging free expression. Members engage in diverse projects, fostering both their artistic skills and personal expression.

Women in STEM Club

Women in STEM aims to empower and encourage young women to pursue careers in STEM by introducing them to positive role models, exposing them to diverse career paths beyond traditional disciplines, and providing hands-on experiences with STEM subjects. Club sessions include guest speaker events, interactive activities like Shark Tank, and debates on STEM-related topics.

REFLECTIONS ISC BATCH 2026

From kindergarten to Grade 12, everything I have gained at Jamnabai Narsee School — the lessons, friendships, memories and values — is something I will carry with me for life. I am deeply grateful to every teacher for listening, guiding and believing in me, sometimes more than I believed in myself. The school gave me the freedom to discover who I am, whether through football, debate, building robots or dance, while encouraging me to pursue academic excellence.

I am grateful for the opportunities that allowed me to grow both academically and culturally, including receiving the ISC Cultural Excellence Award. Jamnabai Narsee School did not just give me an education; it gave me the confidence, curiosity and foundation to navigate the journey ahead with purpose and conviction.

Annanya Desai

Science Stream - 100%

Pursuing Computer Science with a 100% scholarship at the National University of Singapore

ISC at JNS has been a transformative experience for me. The plethora of opportunities the school offers allows students to truly discover different facets of their personalities. For me, this involved deepening my technical abilities through the Robotics Team, fostering my passion for videography and design through TED-Ed, and developing my leadership skills through my role as the ISC Representative on the Student Council. Additionally, being involved in Inter-House activities, AWS and TEDx during my first year of ISC allowed me to meet exceptional peers and gave me a strong sense of community. The academic support I received from my teachers and their commitment to ensuring that students thrive enabled me to achieve an All India Rank 2 in my board examinations. In essence, ISC at JNS allows students to explore, excel and grow not only intellectually but also holistically.

Pursuing Computer Science at National University of Singapore

ISC at JNS pushed me far beyond my comfort zone. Whether it was participating in TEDx, leading clubs or competing in FRC Robotics all the way to the World Championships, I learned that leadership and teamwork are just as vital as anything taught in a textbook. Staying consistent, engaging in self-study and managing my time effectively enabled me to make the most of these opportunities. ISC at Jamnabai has given me unforgettable memories and invaluable life skills that have shaped me in ways I never imagined.

Pursuing CS at Carnegie Mellon University

My journey at JNS has been a deeply transformative experience. Being a part of JNS from nursery all the way through to Grade 12 has made this institution a home and a defining part of who I am and who I strive to be.

Balancing academics with projects, Inter-House dramas, the Co-Op internship, university applications and events ranging from debates and international essay competitions to JNS' very own Cascade and Quintessence, taught me resilience, adaptability and consistency. My incredible teachers, mentors and peers taught me that complacency was never an option, and inspired me to continually raise my own standards.

In essence, my 15 years as a student of Jamnabai Narsee School have given me a stronger foundation than I could have imagined and a strong head start for all my future endeavours.

Pursuing BSc Economics at Narsee Monjee Institute of Management Studies

Having been at Jamnabai Narsee School since Nursery, this campus hasn't just been a place of learning — it has truly been my second home. Beyond academics, JNS taught me how to handle setbacks, adapt and keep pushing forward while staying rooted in my values. I'm deeply grateful to my teachers, who were always there to guide my holistic growth rather than simply focusing on grades. The lifelong friendships and endless support from the entire school community have built a foundation I'll carry with me wherever I go.

Commerce Stream - 99.50%

Pursuing CA from Institute of Chartered Accountants of India, along with B.Com from H.R. College of Commerce & Economics, Mumbai

I came to Jamnabai Narsee School with one clear goal: to see my name on the board of the following year's toppers. It was a daunting challenge, but JNS gave me something far more precious — the confidence to believe in myself. Coming from a CBSE and Waldorf background, I entered Grade 11 as a timid student; yet, by the end of Grade 12, I had undergone a complete metamorphosis. The school gave me the freedom to explore, make mistakes, and grow through new experiences. From heading Photojournalism at the Annual World Summit to winning the Quintessence Fashion Show as a team, every opportunity pushed me beyond my comfort zone. I cherish the people, experiences, and opportunities that shaped me into the person I am today.
